Norman,

Any availability (and interest) in joining a meeting with Col. Bruce Crowe (Psychology Consultant to the Army), Steve Behnke and I to brief him some about our APA process in preparation for Bruce's briefing to the Army Surgeon General in advance of his discussion with Council on August 9?

Russ

Russ,

I'm in Athens from this Saturday through next Saturday (the 15<sup>th</sup> through the 22<sup>nd</sup>).

Other than that I can be available-just let me know.

Steve

P.S. In terms of the process, it's pretty simple: People who are poorly informed get very agitated, call each other names on listserves, and then eventually there's a vote. Am I missing something??

Steve,

Bruce Crowe is wondering what our availability (and maybe Norman as well) is over the next 2 to 3 weeks to brief him on how APA handles, over time, controversial issues such is the one the Surgeon General will be addressing. What's your schedule over the next few weeks? Russ

Norman/Russ, I think it will be extremely important how the Army Surgeon General's visit to Council is framed. I had planned to discuss this with Gerry next week in Athens (Russ, Debra and I have discussed this as well). My sense is that it will be best for Gerry to present the visit as in response to Council's strong interest in the issue, out of a desire to make the highest ranking person available address Council's questions and concerns. We could invite Council to submit in advance requests for the Army Surgeon General to address specific issues--that would also serve the purpose of giving him a heads-up on where Council is. (From what I understand, he would be very open to this process.)

Steve

Russ, depends on when you need to schedule it. I would think soon.
