Subject: Letter re Leso Case, On Behalf of Psychologists for Social Responsibility

Dear Nadine,  
I have attached a letter, written on behalf of Psychologists for Social Responsibility, to register our serious concern about the state of ethics processes at APA as reflected in the handling of the case of Dr. John Leso. This is the second such letter; the first was sent to the Director of the APA Ethics Office. It has been four weeks and he has not yet replied. I have decided therefore, since you are now representing the Board in this matter, to send a second letter with more specific questions directly to you.

I look forward to hearing from you regarding these urgent matters.

Best regards,  
Steven

Steven Reisner, PhD
